Autism Awareness Training

Build understanding. Create inclusion. Make a difference.

Our engaging and practical Autism Awareness Training helps staff, volunteers and organisations develop the knowledge, confidence and skills to better understand and support autistic people.

Through interactive activities and real life examples, participants will learn about autism, communication, sensory differences, reasonable adjustments and inclusive practice, leaving with practical strategies they can implement straight away.

Ideal for:

- Schools and colleges
- Businesses
- Community organisations
- Health and social care providers
- Arts and cultural organisations
- Sports and leisure services

Tailored training available for your organisation.
